

# Locals Favored in 36th Canoe Marathon

By Jon Thompson

Grayling racers will be favored to take the \$1650 first-place prize in the 36th Annual AuSable River Canoe Marathon starting Friday night.

Brett Stockton, of Grayling, and his uncle Butch Stockton, of Higgins Lake, last year's champions, have been racking up wins in competition all summer long and will be shooting to be the first repeat team since Jerry and Jeff Kellogg took two in a row in 1974 and 1975.

Last year Brett Stockton, then 19 years old, became the youngest person ever to win the 240-mile race.

Also expected to compete for the title is John Baker, a four-time winner of the marathon, and his partner. As of Tuesday, "Big John" had not yet announced who he is racing with this year.

Baker, who won in 1976, '78, '80, and '81, finished in second with Tony Short last year.

Short, from South Branch, also had not announced a partner yet.

Another local racer, Dave Shepherd of Grayling, also is entered but had not announced a partner. Shepherd finished third with Jeff Kolka, of Grayling, the last two years.

Two other local teams were entered as of Tuesday, Minard Harwood and Ed LaMotte and Jim Harwood and Ted Kolka, all of Grayling. Ted Kolka is the son of Jack Kolka, who holds the records for most marathons entered and most marathons completed.

Jack Kolka has entered 22 marathons and completed 14 of them. The 49-year-old paddler won't be racing this year due to an injury.

Ten other professional teams were entered by Tuesday including the team of Ann Kobylenski and Valerie Fons, the first women team to en-

ter since 1973.

Another paddler not expected to race this year is Ken Brown, of St. Clair Shores, who won the race twice with Baker and set the course record in 1981.

The action Friday starts early with measuring of pro canoes in the city park at 3 p.m. and amateur canoes at 4:30 p.m. The Dixieland Band will kick off events at Ray's and the City Park at 5:30 p.m. with the start of a one-man canoe division at 6 p.m. and an aluminum canoe division at 6:15 p.m.

The amateurs will hot the water at 9 p.m. and the professionals will run to their canoes near the Grayling State Bank and then carry their canoes to the river at Ray's. A siren along with fireworks bought by the Grayling Rotary Club will start the pro race at 10 p.m.

### Construction Accident Kills Grayling Man

Jack Bindschatel, 43, of Grayling, was killed Thursday, July 21, when a bucket of a front-end loader reportedly tipped over and crushed him.

Bindschatel, an employee of M & M Excavating, was working in the firm's construction yard eight miles south of Gaylord when the accident occurred. The bucket weighed about 2,500 pounds and was being moved by a fork-lift truck.

A complete obituary appears inside.

### 4th Annual Milltown Run Set For August 6th

More than 200 runners are expected for the 4th Annual Milltown Run, scheduled for Saturday, August 6th, during the second weekend of the Milltown Festival. Northern National Bank, sponsor of the event since its inception in 1980, is being joined this year by Mercy Hospital, Grayling in the sponsorship role. Hospital spokesman Michael Hauxwell said he felt co-sponsoring this race would be a perfect way for the hospital to participate in the Milltown Celebration, and at the same time promote fitness and health.

The race will be over the same 10 Kilometer course as in previous years. Runners will start on Peninsular Street behind the Grayling Middle School, wind their way through city streets before emerging on North Down River Road. Other areas included in the race are a stretch of trail road that crosses the East Branch of the AuSable River and the Clough Subdivision. The race will end on Ottawa Street near

### Free Bus Tours View Area Sights

To further the theme of the logging era during the Milltown Festival, the Crawford County Public Transit will be offering free twice-a-day bus tours to sites in Crawford County associated with lumbering.

Each day at 10 a.m. and 2 p.m. a bus will leave from the City Park during the July 29 through Aug. 7 festival. The bus will travel to Pere Cheney, former county seat, to see the ruins of the town and the very old cemetery. It will proceed to the AuSable River at Wakeley Bridge to give visitors a glimpse of one of the two rivers in the county where logs were floated. The bus will travel to the newly reopened Grayling Fish Hatchery where 10,000 trout will be on display as a symbol of modern fisheries management. Visitors there will be able to see two mounted Grayling fish through the courtesy of the Old AuSable Sporting Goods. That fish

## Mud-Wrestling, Moonwalk Featured 11th Annual Milltown Festival Keeps Growing

The flavor of a lumbering era past will be featured beginning July 29 when the Milltown Festival in Grayling begins its 10-day program of events.

The event begins literally with a bang on July 29 when rocket bombs will signal the start of the AuSable River International Canoe Race. The major international race of 240 miles begins a period of activity that includes a woodcutting contest, greased pole contest, old time displays, a circus, parades, and many spectator and participation games for the kids.

Furthering the lumbering theme, the Michigan Woodcutters Assoc. will feature a program on July 30 of contests devoted to the skills of the woodsmen. While they demonstrate the modern methods with chainsaw speed contests, they also highlight speed with the ax, crosscut saws, and bucksaws. That event begins at 1 p.m. in the City Park.

Preceding the sawyers, observers may watch a tennis tournament, visit the sidewalk sales in the downtown area or Mini-Mall, or take a Moonwalk. In the late afternoon a Jazzercise demonstration can serve as the vehicle to take off pounds and a greased pole contest will challenge youngsters to a prize or a dunk in the drink.

Old time displays will be highlighted during the entire 10-day period at the Grayling Historical Museum. The tools, apparel, and photographs of the lumber era will provide a background to the life in the late 1800's.

A feature of Tuesday, August 2, will be a first-time-ever bloopers softball game of men past their prime in the Gaylord, Grayling, and Roscommon Rotary Clubs. The benefit doubleheader will result in sore muscles and

the winner donating the proceeds to their favorite charity.

On Wednesday, August 3, the youngsters will be in the spotlight as the day is devoted to games and a kids' parade. Just prior to the parade an expert will make up many of the participants as clowns in the City Park. Also before the walk down Michigan Avenue, a boy and girl will be named Lucky Grayling Kids as a result of a drawing.

One major adult event during Kid's Day, but probably hilarious too for the youngsters will be a first ever mud-wrestling contest beginning at 7:30 p.m. The slippery competitors will be vying for weight and sex championships. Of course, it could be that an outstanding member of one sex will challenge another.

Thursday, August 4, is titled Heritage Day. Highlighted will be a lumbering-era costume parade from the County Building to AuSable Acres Senior Center. At that location the seniors will demonstrate old crafts such as quilting, whittling, and wood carving. An ice cream social will be capped off with an old-fashioned square dance at the Center.

Saturday, August 6, will feature a wide variety of events including a repeat of the Moonwalk, Sheriff's Open House, Pet Fashion Show, a 10K race, dunk tank, and a hole-in-one game. The Grand Parade on Michigan Avenue at 2 p.m. will show off Grayling's finest as well as floats and marching entries from many parts of the state. Following that event the Crawford County 4-H's will hold a performing arts session on the stage at the City Park and Soudance will cap off the evening.

### Milltown Officials Urge Costume Cooperation

All of the imaginative Milltown Festival costumes will be on display during the Costume Parade on Thursday, August 4, but chairpersons for the event are urging citizens to wear their special garb during the entire festival.

According to Judy Gibbons and Don Geiss, chairpersons for the parade, the idea in wearing costumes is to provide that basic flavor that sets the stage for the lumbering era. They pointed out that by showing visitors the old time costumes, local citizens also display the heavy cooperative attitude in the Milltown Festival.

Indications are that many merchants and their employees are planning on dressing in the theme all week long. Reports have it that McDonald's of Grayling Restaurant employees have been asked to cooperate and that those young people are throwing themselves enthusiastically into the idea.

Roving through the crowds during the festival will be secret judges who will identify the most outstanding costume on a woman and man. The judges will name the winners prior to the Grand Parade on Saturday, Aug. 6, and the winners will join the lucky boy and girl named earlier in the week in a vehicle in the parade.

The Costume Parade will

## From Our Corner...

Our bride has got to be getting better...she is starting to give us heck again (Heck is a polite word for Hell)...one of the hot days last week she asked me to start the charcoal burner and I told her I hadn't watched John do it when he brought it over...all she said was you don't want to learn anything...so I went out and got it started and cooked hamburgers that night, she said she liked them...then just this past Saturday I asked her if she wanted charcoaled hamburgers again, she said she didn't like the last one...after she had the one Saturday night she said it was good...I can't figure it out...

Just the other day she told me I didn't know how to load the dishwasher properly...she took the dishes and re-arranged them to suit herself...when I take the dishes out she says watch out so that you don't break any...all she has to do now is show me how much soap to put in the washer and we probably will have a fight to see who pushes the button to start the darn thing going...

The other night she called me at 5 after 5 to see when I was coming home...I got home and laid down on the couch to read the paper and she said at least you could sit at the table and talk to me...so I did...I was sitting there trying to make conversation when she said don't bother me, can't you see I'm playing solitaire...

Anyway, she went to see Dr. Zimmerman last Monday and got a good report...he told her she seemed to be doing real good and that it would just take time and that she should do a lot of walking and try to mix with people...her next appointment isn't for a month and Doc. told her if she progressed as she has been, she probably wouldn't have to come back for 6 months...which was great news to the both of us...

We forgot to mention in last week's corner that a week ago Thursday, Thelma and I spent an evening with the Leprechaun and Mo on the USS Zebra just floating on Lake Margrethe...what made the evening unusual was the fact that a bald headed eagle flew over the boat some 100 yards away and disappeared into the forest...that is the first time we have ever seen an eagle that close and in flight...possibly those living at the lake see it quite often, but not us...it was a beautiful sight...the cool evening on the lake was good therapy for Thelma as was the day before when she spent the afternoon with Arnie and Bernie at their home on the main stream of the AuSable River...

This coming weekend is the big weekend in Grayling when the Milltown Festival is kicked off...the Festival this year runs from Friday, July 29th through Sunday, August 7th, and will feature even-events for everyone in the family...so, plan now to join in the festive spirit, we're sure you will enjoy yourself...

One of the main events for the opening of the Festival will be the 36th annual running of the World's Championship AuSable Canoe Marathon that will start from Grayling at 10:00 p.m. Friday, July 29th for the 240 mile race to Oscoda on the shores of Lake Huron...

Each year the Milltown Festival grows larger and larger, and this year promises to be the best ever...the committees have been working hard getting everything lined up so that everyone who takes part in the events will enjoy themselves...there's an open invitation to everyone to come and have fun during this year's Festival...

This Saturday night we will be busy as we will be granddaughter sitting...T.J. and Stefany will be with us, Toni and John will be at Toni's 20th GHS class reunion...

This about takes care of this week's turkey...have ran out of thoughts and besides we're late this week with our corner...so will say good-night to T.J., Stefany and Amber, and to all of our readers plan on spending the weekend in Grayling...

It's your return that counts!

## The Bible Speaks

From Calvary Baptist Church

### Strong Christians Should Please Others

Romans 15:1-7

Selfishness is one of the biggest problems all people face in dealing with each other. Christians are just as guilty in interpersonal relations.

Just as we change furniture, schedules and lifestyle at the arrival of a new born baby, even so, we should bear with the problems of the baby Christian and try to help and please him. "We then that are strong ought to bear the infirmities of the weak, and not to please ourselves." Romans 15:1.

Just as our primary purpose in sacrificing for our children is their good and eventual maturity as adults, even so, we should please baby Christians for their good and to strengthen them into maturity. "Let every one of us please his neighbor for his good to edification." Romans 15:2.

Our Lord Jesus Christ gave us the perfect example while here on earth. As God He had perfect knowledge and perfect freedom, yet He did not exercise that freedom in His relationship with other people. "For even Christ pleased not himself; but, as it is written, The reproaches of them that reproached thee fell on me." Romans 15:3. While Jesus Christ was very outspoken against Satan, sin and spiritual hypocrisy, He always pleased God the Father, and treated baby Christians with love and patience.

The key to proper attitude and action toward each other is always found in the Holy Scriptures. "For whatsoever things were written aforetime were written for our learning, that we through patience and comfort of the scriptures might have hope." Romans 15:4. All differences between Christians can be resolved by learning from the scriptures. Our attitude towards each other should be one of patience. In place of contention between

the strong and weak Christians, there should be comfort for both in the scriptures. Both share a common hope of being conformed to the image of Jesus Christ.

As we patiently learn from the scriptures, God leads us to become likeminded toward each other. Our minds and thinking become alike because we are listening to one authority, God's Holy Word. "Now the God of patience and consolation grant you to be likeminded one toward another according to Christ Jesus."

Romans 15:5. As we grow strong in faith learning God's will from the Bible, we not only begin to think alike, but we also begin to say the same things. We begin to glorify God who gave us such great wisdom and privilege to glorify Him. "That ye may with one mind and one mouth glorify God, even the Father of our Lord Jesus Christ." Romans 15:6.

Christian acceptance of each other is based upon their acceptance by our Lord Jesus Christ. This acceptance is not based upon a denomination, church or other organizational union, but upon personal faith in the living Word of God, and all to the glory of God alone. "Wherefore receive ye one another, as Christ also received us to the glory of God." Romans 15:7. (adv.)

## Mercy Hospital Auxiliary News

Part of our picnic-social, which our secretary, Georgia Moore, hosted at her lovely home, was honoring many of our members.

Volunteering is just that. Time taken from home, family and other pursuits and channeled to one cause. For years our ladies have been tireless in giving of their time and talents.

Added to an already illustrious list of honorary members are the following: Catherine Baumgarten, Vi Burns, Delores Crego, Treva Engel, Ruth Fenton, Harriet Goodhue, Lucille Hawkins, Johanna Kesti, Angela Kirkum, Beulah Moore, Arlene Williams, Helen Beckwith, Josephine Blackmer, Mary Bonkowski, Minnie Melbourne, Helen Miles and Marge Oliver.

Certificates of appreciation were presented to Treva Engel, Ruth Fenton, Vivian Kauffman, Marion Martzowka and Mary Kelly.

Several of these honorees have moved from this area and honorary membership cards and certificates will be mailed to them as will those to our local members who were unable to attend our picnic.

Many of our honorees will continue to work and participate in various ways and will encourage and fill us with their dedication.

Regular business meetings will resume in September. The second Thursday of each month at 1:30 we meet in the doctors' dining room.

R. Matyn

## 5 Crawford Co. Avalanche RSVP Reports

by Sherry Haag, Dir.

Welcome to news of the Retired Senior Volunteer Program. Milltown Festival time is here again. There will be many events and happenings throughout the week, so plan on attending.

Thursday is Heritage Day. The celebration begins at the county building at 7:30 p.m. with community members starting out for an evening stroll. All persons are invited to join in the leisurely stroll downtown and end up at the Senior Center for an Ice Cream Social starting at 8:00 p.m. and a Square Dance starting at 8:30. The stroll can be joined anywhere along the route or you may join the fun at the Senior Center. All participants are encouraged to wear fashions from the Milltown Era. This will be a day to honor the Senior Citizen of the year as well as see examples of "old time" crafts and have an old fashioned good time. All members of the community are invited to participate.

Volunteers are needed to help during the Ice Cream Social in serving and cleanup. If you'd be interested in helping, give the office a call at 348-4341 or 348-8322.

Be sure and visit the Historical Museum this summer. There are many interesting things to see.

Volunteer substitutes are still needed for Hartwick Pines, the Fish Hatchery, and the Historical Museum. Give us a call if you'd be interested. Monday-Friday, 348-4341 or 348-8322.

Support Milltown by participating!

## IN MEMORIAM

In loving memory of Larry Balch who died one year ago, July 26, 1982. In tears we watched you sinking, we watched you fade away. Our hearts were really broken when you tried so hard to stay. It broke our hearts to lose you, but you didn't go alone. For part of us went with you the day God took you home.

Sadly missed by wife, children, and grandchildren.

## IN MEMORIAM

In memory of our beloved Mother, Hazel L. Decker, who passed away July 28, 1982. Our arms are so empty. Our memories are long. We miss you Mom terribly. Since you have been gone But you and Dad are together. Never more shall you part. What more could we ask. From the depths of our heart.

Sadly missed by her children, grandchildren, and great grandchildren.

## FB Cheerleading Tryouts Aug. 15th

Tryouts for varsity and junior varsity football cheerleading will be held at 1 p.m. Monday, Aug. 15, at the GHS cafeteria.

## Gaylord RSVP to Sponsor Trip

The Retired Senior Volunteer Program, of Gaylord, is sponsoring a trip to Chicago, August 19-21, to see "The Vatican Collections". The exhibit includes many of the works of art collected throughout the centuries and will only be displayed in four cities in the United States. "The Vatican Collections" includes works of art from Medieval and Renaissance Europe, Ancient Egypt, Greece and Rome. It is considered to be a priceless treasury of cultural and artistic heritage of man.

Viewing of the exhibit is by admission tickets only at designated times. However, one may spend as much time as they like enjoying this extraordinary collection.

The trip is open to the public and the cost of \$195.00 includes transportation, Hotel accommodations, luggage handling, shuttle bus transportation, Exhibit ticket, one evening meal and a tour escort.

Reservations, including a deposit, must be made no later than August 5th to the RSVP office located in the So. Maple St. School Annex building. More information may be obtained by calling 732-6232.

## Hi Cub Scouts!!

Get your calendars out because there are 2 special dates to write down. August 6th is the Milltown Parade. Put your uniform and a smile on and let's get together at the corner of Lake St. and North Down River at 1:00 p.m.

Guess what? We are going to Cub Day Camp on Aug. 19th at Camp Rotary. Have mom or dad stop by the office on Huron St. to get your \$150 registration fee in. Hey, see if they would like to be a driver that day too!

We've got some bad news! We need help from special parents to keep our pack going. Tell them it's only 1 hour a week and boy is it rewarding!! Not only do you and your friends have fun but (believe it or not) they do too. Maybe you know that special parent who really wants to see you continue to enjoy scouting. Talk to them about it and they can call 348-9836 if they have any questions.

Signed, Mascot Charlie

### Bike-A-Thon In Frederic

The Central Regional Office of St. Jude Children's Research Hospital announced today that the Frederic Fire Department has agreed to chair the St. Jude Children's Research Hospital Bike-A-Thon in Frederic.

St. Jude Children's Research Hospital was founded by entertainer Danny Thomas. The institution opened its doors to the public in 1962 to combat catastrophic diseases which afflict our children. St. Jude Hospital is non-sectarian, non-discriminatory, and provides total medical care to over 4,200 patients.

At St. Jude, scientists and physicians are working side by side seeking not only a better means of treatment, but also the causes, cures and prevention of these terrible killers.

All findings and information gained at the hospital are shared freely with doctors and hospitals all over the world. Thanks to St. Jude's, children who have leukemia, Hodgkin's disease, sickle cell anemia, and other child killing diseases now have a better chance to live.

The Bike-A-Thon program is dedicated to "Terry". Terry was diagnosed with leukemia in March of 1978, and began treatment at St. Jude Children's Research Hospital. Today, she is well and off all medication. Terry is a living example of the progress and success of the research, patient care, and educational programs of this internationally recognized hospital.

The funds raised in the events this fall will help assure the continuation of the life giving work at the hospital.

The concern which the Fire Dept. has for the work being done at St. Jude is greatly appreciated. The Children hope that the citizens of Frederic will wholeheartedly support the upcoming Bike-A-Thon.

#### Helpful Herbs

Ordinary parsley, which the Romans believed would keep them sober, is known today to be a source of iron and vitamins A, C, and E. Combinations of winter and summer savory, cumin, coriander, sesame, and mustard seeds have become tasty substitutes for people on salt-free diets.

### Draft Registration Information Needed for Financial Aid

According to Ms. Shirley Richeson, Financial Aids Officer at Kirtland Community College, the recent Supreme Court decision requiring financial aid recipients to certify if they have or have not registered for the draft will necessitate some patience and understanding among students. Young men aged 18-24 must bring proof of draft registration to the Financial Aids Office. (A copy may be obtained from Selective Service. If yours has been misplaced, this could take several weeks).

All students who plan to receive financial aids must complete the certification statement. The statement is printed on the Student Aid Report from Pell Grants Financial Aids Office. Those who have already submitted their reports may come in to the Aid Office to complete the statement.

No financial aid funds can be disbursed to anyone after August 1st without this certification. For further information, contact the Financial Aids Office at Kirtland at 517-275-5121.

### Road Tax Revenues Increase

State tax revenues for roads increased in the first quarter of 1983 for the first time in three years, the Michigan Dept. of Transportation reported.

Revenues for Crawford County climbed to \$222,892 for the first quarter of 1983 compared to \$200,968 in 1982. The City of Grayling's share also increased to \$12,553 from \$11,740 the year before.

Neighboring counties Otsego and Roscommon also enjoyed an increase. Otsego received \$276,774 in 1983 compared to \$247,564 in 1982. Roscommon County received \$284,959 up from \$254,632.

The City of Gaylord received \$20,426 up from \$19,040 and the Village of Roscommon received \$6,959 up from \$6,486.

The first quarter increase reflects gas and weight tax hikes approved in December and a three percent increase in highway travel.

### State Looking For Buyer of Tug Barge

Warren M. Hoyt, Executive Director, MPA

In another effort to get construction of the controversial tug barge system back in operation, the state Department of Transportation has started searching for purchasers for both the tug barge system and the Ontonagon shipyard.

The move is apparently not being challenged by the beleaguered Upper Peninsula Shipbuilding Company (UPSCO), which is now having proposals developed for the reorganization of the corporation.

The department has sent out letters to more than 24 companies interested in the system and asked for proposals back by mid-August.

The state is not taking bids for either the shipyard or the tug barge system, assistant attorney general Jim Stropkai said adding that the state is not committed to selling either the vessels or the yard.

"This is a very broad type of procedure," he said, which could result in proposals used in the reorganization of the company or in the actual sale of the boat system or the shipyard.

The state would be willing to consider a proposal to purchase the vessels in either their current uncompleted state or when finished.

The letter, from Department Director James Pitz, says the department, while "primarily interested" in the outright sale of the system, is also "interested in the future."

The state wants construction of the vessels, now judged about 85 percent completed, to recommence both because some 350 Upper Peninsula workers have lost their jobs and because the state has invested more than \$41 million in the project.

Last month, UPSCO informed the state it would not challenge the department's petition to the federal bankruptcy court in Marquette

asking for an involuntary reorganization of the company.

#### Appeals Court Makes Ruling on Apartment Security Deposits

A rental security deposit paid to cover the costs of repairing damages to an apartment, cannot be used to pay the costs of cleaning the apartment, a unanimous Court of Appeals has ruled.

The court held that using security deposits for cleaning fees violated both the landlord-tenant relationship act and the consumer protection act.

Damages have to include injury or loss to property, the court held.

"Given this meaning of the work, a rental unit requiring cleaning has not been damaged. While a grimy kitchen wall, a soiled carpet and a stained couch are all unattractive the wall, carpet and couch themselves have not been damaged," the court said.

"An item which is cleaned has not been repaired. Nor has that item been damaged," the three-judge panel continued.

The consumer protection act also protects tenants from their security deposits for cleaning purposes, the court held. The act requires that consumers are entitled to receiving any deposits back "promptly, thus, we hold that a landlord who retains part of the tenant's security deposit for cleaning violates the consumer protection act," the court held.

The court also ruled that landlords could not try to get around the holding by including costs on a damage list they are required to furnish a former tenant and hope the tenant misses the notice requirements to reply to the list.

Under the landlord-tenant law, within 30 days vacating a residence, the landlord must provide a list of damage claims, and the tenant has seven days to respond to that list.

A Costume Parade will start in the parking lot of the County Building at 7:30 p.m., and travel via Michigan Ave., Maple St., Madsen St., and Lawndale St. to the Center. #### Shriners Newspaper Sale Aug. 6

The Northern Michigan Shrine Club of Elf Khurafah Temple will be conducting the Sixth Annual Newspaper Sale telling the story of Shriners Hospitals, in the shopping centers and various street locations in Grayling on August 6.

The sale will raise money to support the 18 Hospitals for Crippled Children and 3 Burn Units which, to date, have cured or materially helped over 264,203 children. This year the cost to operate these 21 facilities will be over \$96,000,000. The newspaper sale, as well as Shriner sponsored events, assessments, donations, wills and bequests, help to provide those funds.

Admission to either a Shriners Hospital or Burn Unit is open to any child from infancy to 18 years of age, regardless of race or religion, who suffers from a bone disease or deformity that Orthopedic treatment could cure or materially help, or a burn victim that could be helped and whose parents or guardians need assistance in treatment of their child. In addition to free medical services while a child is in a Shriners Hospital or Burn Unit, a child is also provided with food, clothing, laundry, linen, toilet articles, schooling and dental care.

If you have or know of a child that needs help, contact any area Shriner or Elf Khurafah Temple, Saginaw, Michigan. Phone 517-752-8612.

## Final Bond Proposal Approved by Board

The formal resolution to call for a bond election for a new middle school was approved at the July 11 school board meeting.

The proposition on the ballot will read: Shall Crawford AuSable School District,

Crawford, Otsego, and Kalkaska Counties, Michigan, borrow the sum of not to exceed four million, three hundred sixty thousand dollars (\$4,360,000) and issue its general obligation unlimited tax bonds therefore, for the purpose of erecting, furnishing, and equipping middle school facilities as an addition to the existing high school building; constructing and equipping additional playground facilities; and developing and improving sites?

The special election is scheduled for Sept. 12 and, if the middle school proposal passes, the estimated millage rate will be 2.95 mills to repay bonds.

In other action, at the organization meeting Kathleen Burkley was elected president, Bernadine Doeh, vice-president, Mary Allen, secretary, and Bill Morford, treasurer, for the '83-'84 school year.

## Crawford County Blood Donors Do It Again!

Not only did 100 of you wonderful Red Cross Blood Donors come to give a pint of your precious blood last Wednesday, July 20th, but you responded magnificently to an emergency need for rare type O Negative Blood!

About an hour before the Bank opened at Noon the Petoskey Blood Sub-Station telephoned that two heavy blood using surgical procedures the day before - an open heart and a hip joint replacement - both required O Negative Blood and their supply was exhausted.

O Negative blood is possessed by an average of 8% of Donors - about one of every sixteen - and when heavy using surgery procedures come close together the supply frequently becomes critical.

Petoskey called Flint to borrow some O Negative blood, but Flint was making a special plea to local O Negative Donors to meet the needs for a critical Open Heart Surgery scheduled for the following morning!

Petoskey asked us to do everything possible to get O Negative blood to replenish their supply!

Blood Bank Volunteers recalled every O Negative Donor we had a record on. WRGY and WQON were asked to broadcast an appeal every half hour to try to reach as many O Negative people possible.

And would you believe that 14 O Negative Donors came and gave a pint of their blood? Well they did! And that is over twice as many as would normally be available out of a 110 Donors!

On Thursday, July 21st there was a meeting of the Wolverine Region Blood Service Committee at Petoskey and Crawford County Chapter was generously praised by three separate speakers for the outstanding response to this emergency! In fact, the Administrator of the Wolverine Regional Blood Service asked the Crawford County Chapter Volunteers present at the meeting to extend his personal thanks and congratulations to our Blood Donors and to tell them that in his judgment there is no question but that their outstanding cooperation saved a human being's life!

We Red Cross Volunteers try to have you wonderful Blood Donors understand the tremendous contribution you make to the health and life saving procedures of the medical profession but it is hard to express the importance of this service without becoming maudlin.

Because it is a serious activity, this collecting of human blood, storing, processing and redistributing when and where needed to sustain and maintain human being's lives! It is reality! And some one is alive today because an extra 8 people heard a plea and responded by a gift of their special O Negative blood!

And we, the Red Cross Volunteers of Crawford County, salute you! You are truly wonderful Good Neighbors!

Birthdays for the month were celebrated by Kathy Prause and Joyce Bourrie.

Plans were made for the first annual Golf Outing, to be held on Friday, August 22 at the Country Club. The affair will be open to the public. Tee times will be from 9:00 a.m. to 2:00 p.m. Luncheon only will be available for local residents who are unable to spend the day. ## Co-Op Nursery News

The Grayling Co-operative Nursery school is gearing up for the new school year. We had a good turn-out of parents at our recent open house. We have done quite a lot to spruce the school up with the help of the members. The school now has a new set of curtains and a fresh look on the outside from a new coat of paint and a new roof. Barb Nielson painted a Co-op nursery sign posted at the corner of the street and Kathy Madsen painted a "Big Bird" sign that is on the building. We also have some new educational and play equipment for the children.

We will be having an orientation before the school year starts, the dates to be announced later.

Watch for our float in the Milltown Parade.

The Crawford County Arts Council is growing in size and expanding its range of services to the Grayling area.

During the 1982-83 school year, \$1,150 was given in scholarships and financial aid to student members of the Council: Susan Frause received \$500 toward expenses at Central Michigan University, where she is a theatre major; George Morse and Timothy Taylor, \$500 toward their recent trip to Europe with the Blue Lake International Orchestra; and Denise Harrington, \$150 toward a session at Blue Lake Fine Arts Camp, where she is studying vocal music.

Another service which will soon be available for Arts Council members is admission to dance classes. The Council recently purchased the equipment from Louise's Dance Studio upon its closing, and is now in the process of preparing to offer children's and adults' ballet and jazz classes.

The executive board of the Council would like to encourage all community members who have an interest in promoting any of the visual and performing arts in Grayling to join the CCAC. Business meetings are held on the first Tuesday of every month, in the Northern National Bank Conference Room, at 7:30 p.m. You are welcome to join us at the next meeting, on August 2.

# Kids Parade Set for Aug. 3

Wow! The Kids Parade during the Milltown Festival shows promise of being the comic character feature of the year, but is still needs kids of all shapes, sizes and costumes to be the perfect centerpiece for Kids Day on August 3.

According to Helen Campbell, chairperson of the event, Yogi Bear, Miss Piggy, the Hamburglar, Captain Crook, The Professor, and Grimace - the purple blob will all be participating.

The participants who will be wearing various character costumes can dress in the Church of God, located at the corner of Chestnut and Michigan Ave.

Mrs. Campbell said that there will be a clown galore and kids groups representing the Crawford County Library and Camp AuSable.

Prior to the parade, the name of a boy and girl will be drawn from the group that filled out entry forms to be the "Lucky Milltown Kids". The youngsters named will be featured in both the Kids Parade and the Grand Milltown Parade.

The parade will assemble at the Grayling Middle School at 1:30 p.m. The route of the marchers will be down Chestnut St. to Michigan Ave., and will then proceed to the Crawford County Building.

The young people who are made up as clowns at the City Park from 10 - 12 a.m. will be picked up by a bus from the Crawford County Public Transit and driven to the assembly site.

## Quilt Show Scheduled

The Icehouse will be holding its second Quilt Show, on July 30, August 1, 2, and 3. It will open at 10 a.m. and run until 5 p.m. each day. The show is under the direction of Jill Wyman and Marian Welsh of Grayling.

## Doodles From The Tall Timber

Wendell L. Hoover  
Park Interpreter

Not long ago a visitor walking through the Pines asked me about a fern they had found when they were down along the River. I had doubts about it being Bracken Fern due to the type of location they described. What they described was without doubt the Cinnamon Fern which is common in damp and waterlogged locations. The leaves may be three feet or more high and grow from a central rootstock. In late spring, it is easily recognized by the golden cinnamon colored club-like leaves which are as tall as those which are green. The leaves grow in arching circular clusters as individual plants from the rootstock. The roots are tough and wiry and branch out from all sides to form a mat which is firmly embedded in the soil.

Ferns do not produce seeds but instead reproduce from spores. (The dictionary defines a spore as a usually minute single-celled reproductive structure.) Cinnamon Fern spores are bright green and short-lived and must fall into a suitable place to germinate promptly or die in a few days. This is one of the many ferns which grows with its feet in the water or nearly so; thus, you should see it along our local rivers.

### La Leche League Meeting Notice

"Nutrition and Weaning" will be the topic for discussion at the August meeting of Grayling-Roscommon La Leche League. The meeting will be held on Thursday, August 4 at 7:30 p.m. at 11190 Stephan Bridge Road, Roscommon. This is the last meeting of this series; a new series will begin in Grayling in September.

La Leche League believes that mother's milk is the best food for baby; more importantly, that breastfeeding gives the baby the best start in living.

The discussion will include suggestions about nutrition for nursing mothers, their families, and starting the baby on solid food, as well as information about weaning the breastfed baby.

Expectant mothers are encouraged to attend the series of meetings before the baby arrives. Nursing babies are always welcome. For further information, or for breastfeeding help, call Carolyn Crist at 275-8431.

at Law

Generally a person must be 18 or older to make a will. However, a few states provide that a girl of 12 or a boy of 14 may make a will.

A buyer has the right to insist that all the goods ordered be delivered at one time. If a seller delivers a smaller quantity than stipulated in the contract, the buyer may refuse to accept the entire shipment.

Massachusetts law prohibits traveling in a horse-drawn sleigh unless it has three bells attached to it.

Partnership agreements need not be in writing, but it is preferable to have written articles of partnership to avoid subsequent controversies regarding mutual rights and duties.

In ancient Rome, only priests were allowed to be lawyers.

**CARD OF THANKS**

William M. Sherlock  
Our heartfelt thanks go out to the many people who gave so much of themselves to us at a very tragic time in our life.

To everyone who came to our home with food and comforting words. To those who prayed with us at the Memorial Mass for Bill and for the flowers, the many cards, and mass cards. And to the Ladies from both Roscommon and Grayling who made the food and those who served it at the luncheon. Also, to all of you who gave memorial gifts to the Grayling Public Library in Bill's name.

To each and every one of you, we thank you so very, very much. God Bless You All.

## Millikins Win

LL Championship

Millikins Construction, behind the experienced play of pitcher Bud Ostrowski, Flaskie Robins, and Todd Collen, won the 1983 Grayling Little League Major Division Championship by defeating McDonalds 7-1 in the final game.

Millikins, which led the league in defense allowing only 48 runs while scoring 128, got plenty of offense in the final. Todd Collen and Eric Swander hit singles, Flaskie Robins and Todd Laitinen hit doubles, Bud Ostrowski hit an inside the park home run along with a single, and Derrick Christman hit three singles.

Millikins received good defense from Mike Goddard, Chris Erway, Bobby Harris, Ron Doe, Terry Sorenson, and catcher Carl Kitchen, who threw out a runner trying to steal second.

The winning coaches were Larry Ostrowski, Mike Shearer, Mark Willoughby, and Connie Swander. Ostrowski and Shearer will be handing over head coaching positions to Willoughby and Swander after five years with three titles, a second, and third place to their credit.

After the season finale, the team went on their annual canoe trip and picnic.

## Par For The Course

by Fay Bovee

Another successful Sunday party at the Grayling Country Club was held on Sunday afternoon, July 24. The party was originally scheduled for Sunday, July 17, but due to the extremely hot weather, it was postponed a week. Although it was still warm, a gentle breeze kept it bearable.

Fourteen foursomes played Scrambles with only three clubs for each player, one of them being the putter. In spite of that handicap, there were some excellent scores turned in with the winners being Bruce and Corrine Smith and Bernie and Donna Pottorff with a 32.

Prizes for the second shot closest to the pin on No. 2 was Fay Bovee, closest to the pin on No. 8 was Eddie Blaha, closest to the pin on No. 3 was Vern Blaha and closest to the pin on the third shot on No. 5 was Carl Nielson. Three door prizes were awarded as well as many prizes in the drawing. Dinner of beef stroganoff, salad, and pie were enjoyed by the golfers and was prepared and served by the staff at the club, Gordon, Sherry, Susan and Heidi. They are doing a good job.

The committee in charge of the party were the Jim Wiltses, the Jess Birtchers, the Bud Sidwells, and the Ralph Kasemans.

## Strolling Around Europe

by Fay Bovee

No, Rena, didn't make a typographical error, that is exactly what we did for 17 days and European cobblestones are much harder on the feet than Grayling's sidewalks.

Bob and I, with our daughter, Dena, from Dublin, Ohio, attended the Kiwanis International Convention in Vienna, Austria, for four days, the first one held outside the North American continent. And even with all of the improvements in our community, which I shall comment on next week, it's difficult to compare our flowers with those in some parts of Europe, particularly, Austria, Switzerland and southern Germany. The flowers, of the same varieties that we have here, geraniums, petunias, begonias, roses, etc., grow in mass profusion. Every nook and cranny is filled with flowers and neat vegetable gardens. Every window and balcony has a flower box. Obviously their soil and climate are more conducive to growing than ours.

Not only did we stroll, we rode a boat along the Rhine, admiring the hundreds of vineyards which cling tenaciously to the hillsides. Some vineyards and fruit trees were in such precarious places that it seemed impractical to farm there. Evidently they value every inch of soil and make good use of it.

Strolling is more commonplace there than here as evidenced by the many walks and paths. Not only is strolling more in vogue, so is public transportation, of which there is an abundance in all forms, boats, fast trains, and modern trams and busses.

Yes, it was a beautiful trip and in between strolling we sat in the outdoor cafes and watched the world stroll by.

## Blueprints For Family Living

By

Rev. Richard H. Wadsworth

The power of choice is an awesome power given to each of us by a loving, trusting Heavenly Father. He is willing to put in our hands the power of decision, the possibility of molding our lives in such a pattern that we might at least approximate the person He wants us to be.

It is true that God places His providences in our paths at the choice-points of life but He does not force our choice. If we are sensitive to the will of God, each choice-point in the path can lead us one step closer to the fulfillment of His plan for us. On the other hand, a miss-choice can cause a digression and detour which, if continued, can lead us far from what God has planned for us.

Most of us, as Christians, can look back on a path that has been erratic with occasional detours but which still moves in a plodding, pressing direction toward the city of God.

The important point is that these choices which we freely make eventually lead us to who we are and what we are. Becoming what you are today was a long process of selecting from the alternatives available those which you felt would get you where you wanted to be. And in the process of reaching our life objectives we become a specific sort of person.

If you do not like what you are you can always try to unload the responsibility on your past history and experiences and claim that the circumstances of life have molded you, that you were caught in a web from which there was no escape. But more realistic reflection will lead you to the more rational conclusion that while heredity and environment played a large part in making you what you are, you are still the product of your own choices. From childhood you have been compelled to make decisions, some large, some

small, some seemingly insignificant but all contributing toward making you what you are. Some choices are clear, some hazy, some unconscious. Some choices have been highly active and some passive - some have been made by default. But all have added up to become you.

The encouraging word is that God does not reject you because of your poor choices, but leaves an open choice before you this day to alter your course and head straight for His will. If you look at yourself and don't like what you see, you can exercise your awesome power of choice once again and move toward becoming what God has in mind for you to be. "...choose you this day whom you will serve..." (Joshua 24:15).

VICE-CHAIRPERSON

July 14, 1983

To All Military Personnel,

On behalf of the Crawford County Board of Commissioners, it is my pleasure to extend a cordial welcome to the National Guard Divisions, Reserve Units and Military Exchange Troops who will train at Camp Grayling this summer.

Since the first encampment here in 1914, the military has become an integral part of life in Crawford County. Sixty nine seasons of mutual cooperation and respect have bred an interdependence and kinship this community points to with pride.

We in Crawford County are proud of our country, grateful to the men and women committed to defend it and honored to share our home with them. May each of you be assured that for as long as you remain with us, our facilities, services and goodwill are at your disposal.

Sincerely,

*Jeannette J. Kitchen*

## Grayling Township Board

Special Meeting — June 29, 1983

Members present: M. Ashton, J. Bonkowski, M. Hallett, B. Fowler.

Members Absent: E. Gardiner

Others present: Walt Nowak, Garland Joyce, Mary Harland, Jeannette Kitchen, Nick Shuraff, Beth Wieland, Mike Branch, Marty VanDeVen, Howard Taylor, Sharon Ruhl, Pauline Petrosky.

The meeting was called to order at 7:30 p.m.

Marty VanDeVen, Chairman of the Grayling Recreation Authority which operates Hanson Hills, welcomed everyone to the informational work session. The Grayling Recreation Authority has found the need to appeal to the local units of government for financial assistance. Representatives were in attendance from Crawford County, Grayling Township, Grayling Recreation Authority and Crawford AuSable School District. A summary of the Authority's appeal follows:

It is feared that the park will not be able to stay open through the ski season without the collective efforts of local government financial support. It is hoped that if the park can get through one more season it will give the Recreation Authority enough time to get an extended lease from the Military Board. The current lease expires in 1991. Without at least a twenty year lease it is doubtful that the park could ever qualify for grant monies. Mr. VanDeVen has a meeting scheduled in August with the Military Board to discuss this matter. Most grants require matching funds which could possibly consist of loans or donations of both money and in-kind services from local governmental units, clubs, and individuals. Another alternative would be a possible millage request on the 1984 General Election ballot.

The consequences of the park closing are great as it would revert automatically to the Military Board as stated in the lease agreement. This beautiful 286 acre asset needs community support. It has the potential of being the center of year around family recreation in this area. The work accomplished by devoted volunteers over the past several years should not be wasted. Some of the improvements are maintenance to the warming house, tows and slopes, cross country skiing and hiking trails, baseball diamond, paddle boats and a stocked fishing pond. Most of these improvements were done using salvaged materials and with the help of work crews many of which were from Camp Showno. The park is near the end of its salvageable materials, however, the work crews are still available. The possibilities are vast but capitol is necessary.

Grayling Recreation Authority expects to get written confirmation in July of a gift of the Fred Bear Museum building from Kidde Corporation. The Board has already been approached by the Grayling Booster Club and the Arts Council as possible tenants. When acquired the building will be available to community groups and individuals in addition to the warming house which is currently being used for special events, community programs and education, receptions, and fund raisers.

With enough support from the community it may be possible in the not too distant future to require only token use fees for residents and taxpayers of the County.

A formula was suggested for requesting funding from local units of government for this season. It would be based on State Equalized Valuation.

The Township Board chose not to take any action at this time but to consider all facts and formulas and schedule the issue on the agenda of the July or August meeting.

Those interested were given a tour of the facilities.

Meeting adjourned.

Respectfully submitted,  
Monica Stephan Ashton,  
Clerk

## Grayling Township Board

Regular Meeting — July 12, 1983

Members Present: M. Hallett, J. Bonkowski, M. Ashton, B. Fowler.

Members Absent: E. Gardiner

Others Present: Douglas C. Dossan, Howard Guyette, Sr., Fran Hanson, Rose Keusch, Donald L. Roberts, Barb Sojka, Beth Wieland, John E. Olson, Jim & Betty Bokhart, Bob Chap- pel.

Supervisor Fowler called the meeting to order at 7:35 p.m.

Motion by Bonkowski, supported by Hallett to accept the minutes of June 14, June 29, and July 6, 1983 as presented. All ayes, motion carried.

Treasurer's report was read by Supervisor Fowler. Motion by Hallett, supported by Ashton that treasurer's report be accepted as read. All ayes, motion carried.

Correspondence:

1. Crawford County Sheriff's Department May Activities report was summarized and placed on file.
2. Notice from Michigan Department of Natural Resources-Lands Division of Public Auction of State Land. Two parcels in Crawford County will be up for bid on July 19, 1983. Location, time and descriptions of parcels are on file at the Grayling Township Office.
3. Received cost comparison forms and brochures from Michigan Municipal Risk Management Authority, a Michigan self-insured association, requesting Board to compare and consider their insurance coverage quotes.
4. Letter to Board from Mr. Charles Knecht requesting considerable information from the assessing department and also whether the 1983 Board of Review could have been considered an open meeting as it was held in a small office.
5. Supervisor asked legal council, Doug Dossan, to reply to Mr. Knecht by mail and he also verbally summarized letter to the Board. All assessment records are open to the public and Mr. Knecht can come to the office and request to see this information or photo copy it. However, the responsibility of gathering this information is Mr. Knecht's and not that of the Township. The matter of whether the 1983 Board of Review qualified as an open meeting will require further investigation.
6. John Olson, President, AuSable Woods Association questioned whether the Township was adequately enforcing the zoning ordinance particularly relating to sub-standard or unfinished buildings and travel trailers? Is manpower a problem?

Fowler noted that it is not manpower but large size (180 square miles) of the Township. All building permits are reviewed annually by field inspection and when violations are found the usual course of action begins with a letter to the property owner. Some violations are only discovered by citizens bringing a problem to our attention as it is physically difficult and costly to patrol all of the Township monthly in search of violations.

Bonkowski explained that even when violations are obvious they are sometimes difficult to correct as we are still operating under a 1966 Zoning Ordinance which is ambiguous and obsolete in many cases. It is hoped that, if adopted the proposed Grayling Township Zoning Ordinance which is to be presented to the Board in the near future will take care of our enforcement problems.

6. Notification by the Department of Commerce that an application has been made to the Liquor Control Commission by James Bokhart for a new SDM License to be located at 6289 Kalkaska Rd., M-72 West, Grayling Township. Although local governing body approval is not required the Township may notify the Commission if the applicant location will not comply with local building, plumbing, zoning, fire, sanitation and health laws. No objections from the Board.
7. Motion by Hallett, supported by Ashton to authorize Supervisor Fowler to attend the 11th Annual Michigan Assessor's Association Summer Conference in Traverse City on August 21-24, 1983. Registration fee \$75.00 and Fowler will commute. Roll call: Bonkowski - aye, Hallett - aye, Ashton - aye, Fowler - aye, Gardiner - absent. Four ayes, one absent, motion carried.
8. In regard to the Brink's Park Annexation petition dated 4/8/83. Treasurer Gardiner sent certified notices of annexation request to all property owners involved and received 100% concurrence in favor of the annexation. The City Council approved the annexation on May 23rd, 1983.
- Motion by Bonkowski, supported by Hallett to adopt a resolution approving the annexation request as follows:  
WHEREAS, the Township of Grayling has become aware of a surveying discrepancy by which portions of the following lots previously believed to be in the City of Grayling actually lie within the Township of Grayling:  
Lots 1, 2, 3, 4 and 6 of Block 6 of Brink's 2nd Addition and Lots 1 thru 6 inclusive of Block 7 of Brink's 2nd Addition and Lots 1 thru 7 inclusive of Block 8 of Brink's 2nd Addition, and  
WHEREAS, such surveying discrepancy has caused a problem with taxation on the above described property between the two municipalities, and  
WHEREAS, the Grayling Township Board has been presented with a petition signed by 7 of the 8 property owners involved requesting that the above described property be annexed to the City of Grayling, and  
WHEREAS, the 8th property owner has submitted a letter concurring with the petition, and  
WHEREAS, The Grayling Township Treasurer has sent a letter by certified mail to each owner of record according to the provisions of MCL 117.9 (8),

NOW THEREFORE, be it resolved that, pursuant to MCL 117.9(8), the Grayling Township Board approve the annexation to the City of Grayling those portions of the above described properties not previously within the boundaries of the City of Grayling.

Roll call: Bonkowski - aye, Hallett - aye, Ashton - aye, Fowler - aye, Gardiner - absent. Four ayes, one absent, motion carried.

9. Regarding Hanson Hills financial assistance request. Supervisor Fowler informed the representatives of the Grayling Recreation Authority, Beth Wieland and Monica Ashton, that the Township Board would require a formal request for funding based on a formula that would equitably divide the monetary or in-kind assistance between the County, City, Township and School District.

10. Planning Commission report-Representative Harland noted that the Planning Commission waived the 30 day waiting period on the John Failing rezoning request. The request, also known as Ordinance 83-3, was adopted on July 6, 1983 at a Special Meeting of the Township Board.

Regarding proposed Grayling Township Zoning Ordinance - The County Planning Commission has not acted on the ordinance at this date. They have 30 days to hand down a recommendation. That will be July 28, 1983. The proposed Ordinance should be on the agenda of our August meeting.

11. Petition from property owners of 67% of frontage on Beaver Island Road requesting blacktopping of said road. Motion by Hallett, supported by Bonkowski to authorize Supervisor Fowler to get cost estimates for blacktopping of Beaver Island Road. All ayes, motion carried.

12. The following resolution was submitted by Rev. Donald L. Roberts along with 94 petitioners.

WHEREAS, the new proposed zoning ordinances of Grayling Township only allows churches in R zones, and  
WHEREAS, there are no suitable church building sites in R zones close to the City of Grayling and  
WHEREAS, to make no other provisions for churches under these circumstances would be discriminating against churches.

Therefore be it resolved that the proposed zoning ordinance be amended by adding "churches" as a conditional use in the C-1 zoning districts under Section 12.3.

Considerable discussion ensued. Bonkowski asked whether the petitioners knew the Planning Commission's convictions on this subject. It is not that the Commission feels churches would be incompatible in a commercial zone, only that in our particular and peculiar circumstances with only about 1% of our land being suitable and available for commercial use that we would be endangering our tax base allowing churches, which are tax exempt, into commercial areas. Provisions are made for churches in residential zones.

Reverend Roberts stated that he has studied the area and found no suitable residential property as he feels a church should locate on a major thoroughfare to be easily found by visitors to the community. He also questioned whether concern for the tax base is a justifiable guideline for a planning commission decision?

John Olson, AuSable Woods Association, reminded us that we should take care in our definition of churches as many groups of recent are trying to qualify as churches. Doug Dossan stated that he is expecting a decision in the courts in the near future to define churches.

Olson suggested that although many residential areas may seem remote today that at the rate this area is growing in 10-20 years they may be considered urban.

Supervisor Fowler stated that it is his observation of a general trend for churches to move from the city into the townships.

The consensus of the Board was to not take any action at this time but to consider all input for a future decision.

Mary Harland extended an invitation to the public to attend Grayling Township Planning Commission meetings regularly held on the last Tuesday of the month.

12. The building and zoning report was read and placed on file.

13. The assessing report was read and placed on file.

14. The revised Reciprocal Fire Protection Agreement was submitted for approval. The revision being in paragraph 3-D and limiting the control of the Chief of the Crash Rescue National Guard Fire Detachment to control of the aircraft only and not the entire scene of the emergency in the event of the crash of an aircraft owned or operated by the National Guard within the area for which the Grayling Fire Department normally provides protection.

Motion by Bonkowski, supported by Ashton to authorize Supervisor Fowler to sign the Reciprocal Fire Protection Agreement with and between the U.S.A., State of Michigan, Crash Rescue Fire Detachment at Camp Grayling and the Grayling Fire Department for mutual aid in furnishing fire protection for property and personnel for which each party hereto is normally responsible for providing fire protection at Grayling Army Airfield/Grayling McNamara Airport. All ayes, motion carried.

Supervisor Fowler is pursuing a similar agreement with the main camp.

15. Motion by Hallett, supported by Bonkowski to accept Supervisor's recommendation of retaining the second Tuesday of each month at 7:30 p.m. for regular Township Board meetings. All ayes, motion carried.

16. Motion by Ashton, supported by Bonkowski to authorize depository of funds with Gaylord State Bank, Grayling State Bank, Great Lakes Federal Savings, Northern National Bank, and Wurtsmith Credit Union. All ayes, motion carried.

17. Motion by Bonkowski, supported by Ashton to retain Mickey Perez, CPA, as Township Auditor. All ayes, motion carried.

18. Motion by Hallett, supported by Bonkowski to retain Douglas C. Dossan, Attorney, as Township legal council. All ayes, motion carried.

19. The Board wishes to thank Nelson Miles, Attorney, for his past service as Township legal advisor.

20. Motion by Bonkowski, supported by Hallett to approve one day liquor license for Hanson Hills for August 25, 1983. Roll call: Ashton - aye, Bonkowski - aye, Hallett - aye, Fowler - aye, Gardiner - absent. Four ayes, one absent, motion carried.

21. Draft of a bill to amend State Military Payment in Lieu of Taxes to \$1.50 from \$.10 an acre received from Ralph Ostling.

22. Thank you from Michigan Townships Association to Grayling Township and particularly Bob Chappel and Barbara Sojka for their assistance in arrangements for the Community Development Block Grant Program held at the City Building on June 28, 1983.

Motion by Bonkowski, supported by Hallett to pay bills on vouchers 6339 and 6342 thru 6393 in the amount of \$16,752.58. Roll call: Ashton - aye, Bonkowski - aye, Hallett - aye, Fowler - aye, Gardiner - absent. Four ayes, one absent, motion carried.

Motion by Bonkowski, supported by Hallett that meeting be adjourned. All ayes, motion carried.

Respectfully submitted,  
Monica S. Ashton, Clerk

## Citizen of the Year Potluck

The Citizen of the Year for Crawford County will be named at a Potluck Dinner to be held at Hanson Hills on Monday, Aug. 1.

Nominations for the award may be made by writing to the Grayling Regional Chamber of Commerce. The letter must include the qualifications of the nominee and any pertinent information that would add to his or her chance of being named for the award.

The makeup of the letter will not be a factor in the judging of any nominee, however the letter must be legibly written or typed.

The judging for the award will be made by a three person panel with chamber president Joe Wakeley as chairman. Letters must be submitted prior to Tuesday, July 26.

The dinner at Hanson Hills will be under the direction of Howard Taylor, manager of the recreation area.

## Chamber Joins Snowmobile Assoc.

A snowmobile council will be formed in Crawford County by the Grayling Regional Chamber of Commerce to affiliate with the Michigan Snowmobile Assoc.

It was agreed at a recent Board of Directors meeting of the chamber that the council and its affiliation would help to solve problems related to trail grooming, access to trails and new trails.

State snowmobile president Bill Baker spoke to the executive committee of the chamber and explained to the group that the newly reorganized association pulled together about five snowmobile clubs and changed directions from strictly socialization to having a major voice in any legislation and state mandates on the sport.

Although the chamber has agreed to be the pilot organization in the formation of a council, there

must be four other clubs or civic groups in the county who agree to back the chamber in its affiliation. The chamber has agreed to pay the entire cost of affiliation but must have a letter from each of the clubs or civic groups formally backing the formation of a council.

JoAnn Cox, board member and sales director of the Grayling Holiday Inn, told the board that the state association will also encourage its members to patronize those establishments who maintain individual memberships through a local council. She said that each business joining the local organization will have a large window sticker showing the membership.

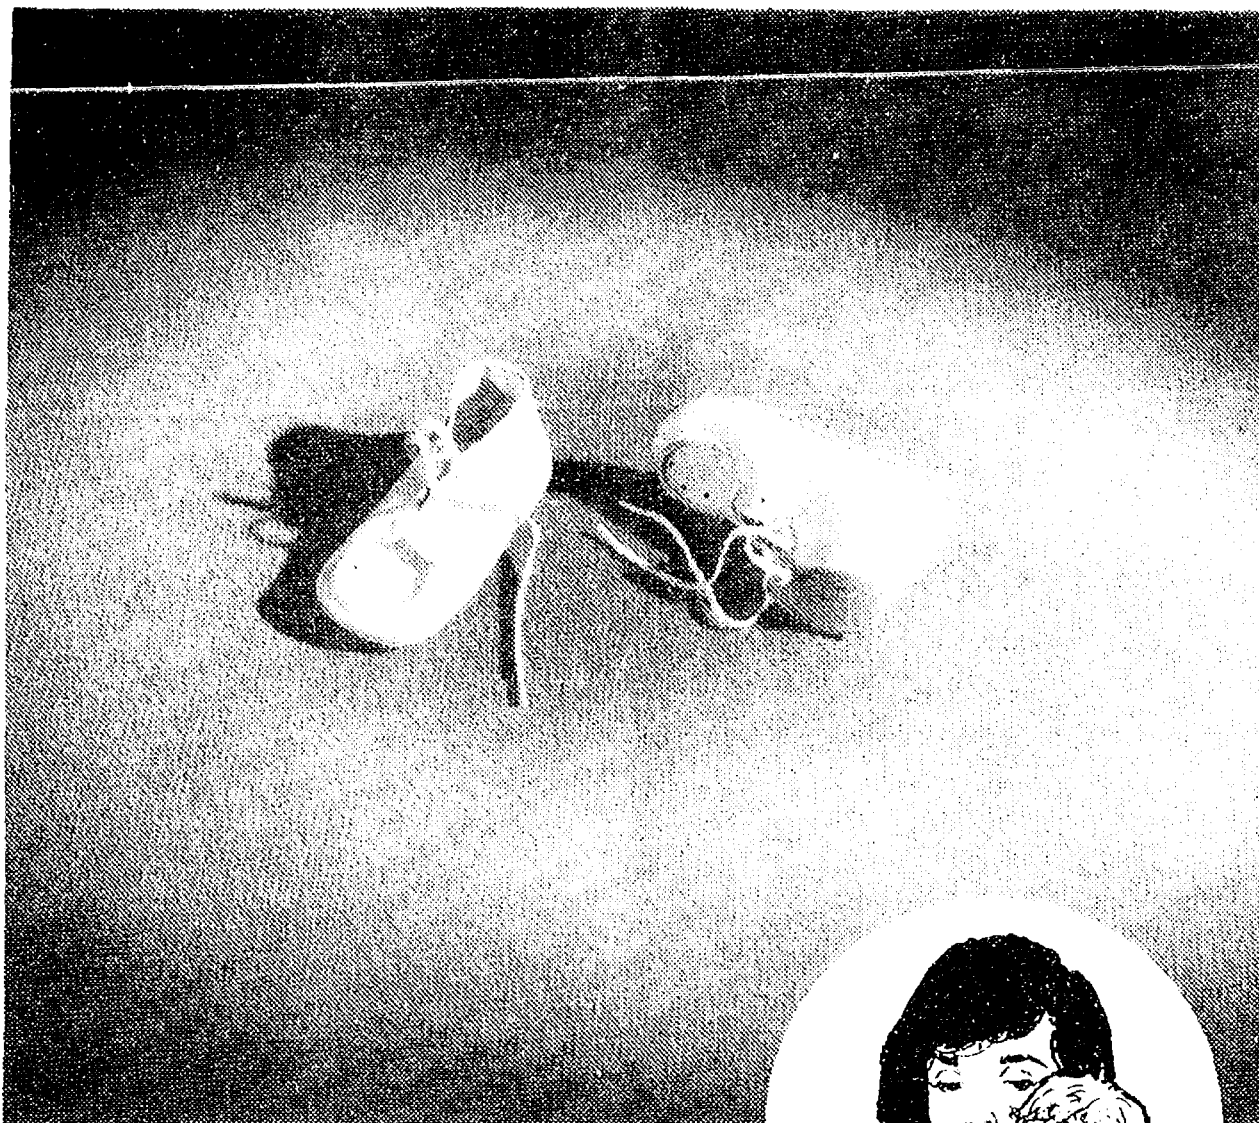

In the unanimous decision to form the council and affiliate, the board noted that Crawford County will be the first affiliate on the entire I-75 corridor.

## OUR FIRST PAIR OF SHOES

A great king, so the legend goes, once stepped on a thorn in his garden. In a furious rage he ordered his prime minister to cover his entire kingdom with leather. "Your Majesty," replied the wise prime minister, "let me cover your feet with leather, and wherever you go you will be protected." And so the first pair of shoes was made!

The little fellow whose first pair of shoes appealed to our photographer has a long way to travel. His journey through life will not be free of thorns. And he'll need more than shoes to make that journey!

He'll need to develop that spiritual fiber which will do for his character what the first pair of shoes did for the king's feet. A man can't carpet the whole world—but he can acquire the faith and courage which will enable him to climb life's most rugged trails.

Our Churches and Synagogues bring such qualities to the life of man. They point the way to happy, wholesome living—for the grown-up with the burdens of life on his shoulders—and for the little tot in his first pair of shoes.

## Wendy's Gives \$252 To Help GHS Athletics

Wendy's Old Fashioned Hamburgers of Grayling presented Michael Branch, Athletic Director at Grayling High School, a check today in the amount of \$252.20 representing the athletic department's earnings in Wendy's First Annual High School Athletic Department Fund Raising Promotion that ran from March 28 to May 15, 1983, in Grayling.

This promotion was developed by Wendy's to help high schools throughout the State of Michigan earn money to help defray the costs involved in maintaining high school sports.

Wendy's furnished 50,000 coupons to the Grayling High School Athletic Department that were redeemable only at Wendy's of Grayling for a Single Quarter Pound Hamburger, small order of French Fries and a 12 ounce Soft Drink for only \$1.79 which represented a significant savings off their regular selling price. When these coupons were redeemed at Grayling Wendy's, Wendy's paid them 20 cents from each redemption for their efforts.

## Wurtsmith AFB Open House

Wurtsmith Air Force Base, MI—Wurtsmith Air Force Base, near Oscoda, will open its gate to the public from 10 a.m. until 5 p.m. on Sunday, July 31st, for its annual Open House.

Several types of aircraft will be on display, not only Air Force but Army and Coast Guard aircraft stationed throughout the country. Some of the newest, oldest, largest and smallest aircraft in the military inventory will be on display, including the thirty-eight year-old T-33, the twenty-five year-old T-37 and the recently introduced KC-10 and F-16.

The air launched cruise missile, a highly sophisticated and accurate defensive weapon which was recently added to the inventory at Wurtsmith will also be on display.

Flying activity will again be highlighted by a demonstration of close air support tactics by four A-7 Corsair II aircraft from the 127th Tactical Fighter Wing based at Selfridge Air National Guard Base near Detroit. Pilots will simulate strikes against enemy ground positions by electronically detonating charges placed in the simulated impact area as they pass overhead.

The aircraft stationed at Wurtsmith will also provide a demonstration of an alert scramble and launch by a B-52 and a KC-135 as well as a close formation demonstration by T-37 aircraft stationed here. A local skydivers club will also perform twice during the course of the day. Several aircraft from the Civil Air Patrol will also be on display.

The military working dog section of the 379th Security Police Squadron will demonstrate the capabilities of the dogs and their handlers two times during the event. These demonstrations have always generated considerable interest in the past and promise to captivate spectators again this year.

Other attractions at the Open House will include a display of security police weapons and the "Peace-keeper," an armored security police vehicle, snow removal equipment, aircraft maintenance equipment and starting units as well as display jet engines.

The Air Force Band of the Midwest will perform during the day. The band has been recognized as one of the best military bands in the country.

There is no admission charge for the Open House and the parking is also free. A wide variety of food items, snacks and beverages will be available from concession booths operated by various Wurtsmith units.

Peggy: "We'd never be happy together. You know I always want my own way."

Reggie: "Well, you could go on wanting it after we were married."

(Continued from Page 1)

in January by Governor Richard F. Celeste, has been at Camp Grayling the last two weeks. He spent several days in the field last week observing training of units of the 16th Engineer Brigade. This week, he is at the camp with a group he once commanded, the 107th Armored Cavalry Regiment.

"We're committed to making 1983 to 1988 years of excellence," Galloway said. "The cornerstone of that commitment is the individual soldier. Our troops must have the stamina and ability to carry out any given assignment."

General Galloway noted that some 3,000 troops from Ohio Guard combat units trained at Camp Grayling this year. He said that figure will jump to about 6,000 next summer and the majority of the units will be in the field the entire two weeks.

"Camp Grayling is the best camp in the country to conduct the kind of training we want to do," Galloway said.

The 55-year-old Galloway has a distinguished history of military service. He spent three years on active duty with the U.S. Army from 1946-49, being discharged as a Platoon Sergeant. His National Guard career began on 27 Sept. 1955, and he has served continuously since. He was appointed a first lieutenant in the field artillery on 7 April 1956.

General Galloway's assignments have been many and varied. He commanded several company and battalion-sized units, including the 1092d Transportation Co.; Co. E of the 737th Maintenance Bn; Co. A of the 137th Aviation Bn; and the 1st Bn, 145th Infantry.

He also was Aviation Maintenance Officer and Aviation Facility Commander for the Ohio Army National Guard; Commander of the 107th Armored Cavalry Regiment; Deputy Commander of the 16th Engineer Brigade; Military Support Officer and Civilian Personnel Officer, Ohio Army National Guard; Commander of the Guard's Camp Perry, Ohio Training Site, and Assistant Adjutant General for Army, Ohio National Guard.
